Volunteers: The Stars of Schweinfurt

Story and photo by Eva Bergmann

The love and dedication of countless volunteers transform military installations worldwide into communities.

To honor the volunteers whose selfless service significantly shaped life in our community, the Schweinfurt garrison hosted a ceremony May 25 at the Ledward Theater.

Volunteer of the Year awards were presented to 26 volunteers, nominated by various community organizations for their outstanding efforts. Some logged over 2000 hours of service, which is equivalent to an entire year of full time work.

Just a drop of water?

A dripping water faucet creates an average daily waste of 25 liters, that's enough for an extra shower every day. Repairing is often times as simple as exchanging a seal. Just get it fixed.
