Story and photo by Eva Bergmann

Ultra endurance athlete Paul Staso visited the elementary school and the middle school, Tuesday March 16, encouraging kids to set their own goals, and to develop the motivation and persistency to achieve them.

Staso launched the P.A.C.E fitness foundation (Promoting Active Children Everywhere) on a promise he kept with a group of fourth and fifth graders to run across the United States. He did so in 2006, running a total of 3,260 miles in 108 days, averaging more than a full marathon per day.

Now Staso is running 500 miles across Germany, visiting several DoDDS schools. [More...](#)
