### Conn east gate experiment

The garrison is currently experimenting with a new traffic pattern at the Conn East gate. This plan is an effort to increase the amount of traffic flow every morning in the direction that the bulk of cars are traveling. More specifically, from 5:30 to 7 a.m., the traffic light will favor inbound vehicles. From 7 to 7:30 a.m., the traffic light will operate at normal intervals. From 7:30 to 8 a.m., the traffic light will favor outbound vehicles. After 8 a.m., the traffic light will operate at normal hours for the remainder of the duty day. This plan is temporary.
